

I hear that Sinclair Broadcasting is making their stations across the U.S. pre-empt regular programming in order to show "Stolen Honor" --a partisan anti-Kerry "documentary"--at a critical time, right before the election.

This is obvious partisanship with the intention to effect the Presidential election in favor of the incumbent President. Partisan programming on our public airwaves is against the public interest, and is anti-democratic. Please stop corporations such as Sinclair from broadcasting such fake journalism using the public airwaves.

Thank you,

Sincerely,
Kristina Pardue
